Question of Precedence in Con-With the Baker Failure.

The Deputy Sheriff was somewhat puzzled yesterday afternoon.

A few days ago Mr. Elmer N. Baker, proprietor of the Globe Hotel and of a notion house on Main street, made an assignment for the benefit of his crediassignment for the benefit of his creditors to Mr. S. M. Page, trustee. In the City Circuit Court Tuesday three suits were instituted against Baker, and an attachment was sued out in each case. When the attachment in the first case was served the creditor was satisfied, his claim being only about \$30. The deed of assignment had not then been recorded. When the Deputy Sheriff went to serve the other two attachments the deed had been put on record, and the question arose whether he could attach.

# SUNDAY-SCHOOL CELEBRATIONS.

An Enjoyable Evening at the First Presby terian Church-Other Entertainments. The Christmas celebration of the First resbyterian church Sunday school was held in the church, corner of Grace and Madison streets, last night. In the former years a Christmas-tree was used to dispense the measure of happiness for the little folk, but last year, ratifying in a very practical way the good instruction received, the children resolved to forego the gifts of Santa Claus, and instead of receiving, to bring to a common fund whatever their young hearts prompted. This plan worked so beneficeatly that they resolved to continue the same plan of enjoyment this season. The response was hearty, no doubt enhanced by the knowledge that the present is a time of more than ordinary need. The contributions were numerous and multifarious; including flour, sugar, coffee, tea, books, and toys, old and new, &c., &c., all destined for the comfort and delight of many poor and needy ones, and to be dispensed under the careful supervision of a committee of the young people's own appointment.

Besides the benevolent feature of the entertainment the children carried out a programme, of exercises which not only afforded interesting amusement to them selves, but consisting altogether of Scripture quotations, was made to display the character of the instruction imparted to them in the Sunday school. The little folks took their places in the church after a grand march to the music of the organ, and were welcomed by a large gathering of the adult members of the congregation.

In the absence of Mr. Sleight, the efficient superintendent of the school, who is seriously sick, Mr. W. S. Donnan conducted the services, introducing Mr. H. O. Williams, State secretary of the Young Men's Christian Association, who addressed the meeting. After a few words of counsel form the pastor, Rev. Dr. Kerr, in his usual happy vein, and the singing of some of the familiar Sunday-school melodies, the gathering was dismissed.

UNION-STATION SCHOOL.

The Xmas festival of Union-Station Methodist Sunday school occurred last night in the tabernacle, which was crowded to its utmost capacity. The evening's entertainment was opened by Rev. Dr. Ray, who announced the prologue to a beautiful cantata. The little girls and boys acquitted themselves handsomely, and reflected great credit on the young ladies, Misses Taylor and Ray, who had trained them for this occasion. Mr. R. S. M. Valentine delighted the young people not only at Santa Claus but with the sweetness of his songs.

NEW YORK, December 27 .- Before the pening of business at the Stock Ex-change it was generally believed that the New England would be placed in the hands of a receiver, but notwithstanding this, the market, outside of New England and a few other issues, held reasonably well. The firmness of the general list was due in a great measure to the way Logan

accepted the Atchison receivership.

The prices for American securities received before the opening of business showed moderate advances all along the ine. The only stocks on the list that did steady; not sympathize were New England, Louisrille and Nashville, and General Electric. New England broke 34, to 12, and railled to 13%@13½, a net loss of 2 per cent, for day. Heavy loads of stocks were thrown overboard, and Boston, Philadelphia, and

ocal holders were eager sellers. General Electric, however, scored th reatest decline, falling from 37% to 31% property were revived. Boston was a fre

property were revived. Boston was a free seller, and there were rumors from that city about startling developments in a short time. Nothing definite could be obtained about the matter.

Louisville and Nashville was depressed, failing from 41, to 434,644. This stock was weakened by unofficial statements that the company will not pay any dividend for the current six months. London, which usually has early information on the stock, also had this story in an unofficial form. The acquisition of the Chesapeake, Ohio and Southwestern is not considered a buil argument on Louisville in some quarters, and in consequence long stock keeps and in consequence long stock Reeps coming out.

The other prominent stocks cut away from those mentioned above, and near the close enjoyed quite an upward turn. In this movement the Grangers, Whitskey, Chicago Gas, Delaware and Hudson, Western Union and Lackawanna were conspicuous. The active issues show gains for the day of Mails per cent., with Chicago, Burlington and Quincy in the lead. New England, Louisville and Nashville, and General Electric declined 2025; per cent.

The market closed firmer in tone. Railway and miscellaneous bonds were weak. Treasury balances: Coin, \$51,198,600; currency, \$25,786,000.

Cash corn was quiet and about 2; ower.
Oatswere dull and inactive, with the tone steady, when the weakness in wheat and corn is considered, and the price suffered a loss of but 1/2c, for the day.
Provisions were more under the influence of light receipts of live hogs than they were susceptizel to the lower prices quoted for them. Good buying by packers servel to advance prices quite materially. There was some selling later, which caused a slight decline, but the close was at a gain over yesterday on all articles. January pork closed 2½ per cent. higher, January lard 7½ higher, and January ribs 7½ higher.
